**Hairdresser:** Good afternoon Mrs Peters. How can I help you today?

**Client:** I want to change my look. I've looked through the colour swatch book and I can't decide which one will be better for me.

**Hairdresser:** Would you like to go lighter or darker?

**Client:** How about this blonde? I heard it's trendy this season.

**Hairdresser:** Yes, and it makes you look younger, but you need to remember to come here every three weeks for touch-ups. I think chestnut is perfect for you.

**Client:** Is it easy to maintain?

**Hairdresser:** Yeah, much easier than blonde. So it will be cheaper, too. Or if you want, we can also try this copper.

**Client:** That's a brave decision, but I prefer chestnut. I won't have ugly roots.

**Hairdresser:** OK then. I'll wash your hair and put on the dye.

**Client:** How much time will it take?

**Hairdresser:** Not longer than two hours. You'll be delighted.
